

Jet-Print™ Velour

jet-printed advertising mat

Product Information

The Jet-Print™ Velour mat is perfect for use in the advertising and promotion area.

The special light-weight velour surface allows fine detail Jet-Print™ technology to reproduce your graphics in outstanding clarity, on a lay-flat product. Unlike regular Jet-Print™ fabric, the velour can reproduce fine detail images and text as low as 1cm in height.

Due to its light weight velour surface the Jet-Print™ Velour mat is not suitable as a dirt-catching mat and not suitable for placement on carpets. The backing is made of 100% nitrile rubber and so the mat is washable up to 30°C, but cannot be tumble dried.
