## Product Information

Kleen-Scrape® is a multi-purpose rubber mat with a raised moulded face that scrape shoes clean. This highly versatile mat can be placed almost anywhere as it has an array of specialised abilities that make it a favourite choice among industrial and specialist applications.

Along with all this functionality we are now able to customise solid rubber mats with your own designs. See your logo, message or brand in raised 3D.

Subject to technical confirmation, we can also add colour to your bespoke 3D graphics using our on-lay colour rubber technique.

Please speak to our friendly sales team for any advice on realising your ideas.
