		Rubber thickness	approx. 8 mm
		Rubber weight	approx. 4,33 kg/sqm
		Cleaning	Washable up to 60°C Tumble dry up to 60°C High-pressure water cleaning
		Accessories	Mat Connector for secure linking of multiple mats
Certification of burning behaviour	EN 13501-1 / E _{fl} -s1	<p>* The Kleen-Thru Plus mat has passed the AATCC TM 30, Part III test. The results from NAMSA (North American Science Associates) have indicated that Kleen-Thru Plus is rated 0/NZ (no growth/no zone). This means that Kleen-Thru Plus has an effective fungi static treatment that helps control bacterial and fungal growth that cause odor in the mat. The antimicrobial treatment is registered in the USA by the Environmental Protection Agency.</p>	
Certificate of High-Traction	NFSI 101-C	<p>The antimicrobial treatment is bound and non-migrating which means it is for the life of the mat and does not wash off or rub off through prolonged industrial washing. The treatment is only intended to confer antimicrobial protection to the Kleen-Thru Plus mat and not to protect the people who are using it. Always clean this product properly after each use.</p>	
Measurement of Antibacterial tested*	ISO 22196		
Total mat weight	approx. 4,33 kg/sqm		
Overall height	approx. 8 mm
